

IDPH'S VAX VERIFY

Check your COVID-19 vaccination records and immunization history with Vax Verify!

ABOUT VAX VERIFY

Vax Verify is an online system that enables Illinois residents ages 18 and older to verify and download their immunization information.

To access your vaccination records via the portal, Illinois residents have to go through a one-time verification process through Experian. After registering with the site, individuals can see their own record in the Illinois Comprehensive Automated Immunization Registry Exchange (I-CARE).

WHY DO YOU NEED VAX VERIFY?

PROOF OF COVID-19 VACCINATION

Proof of COVID-19 vaccination may be required for air travel to and/or from a foreign country, employment, and large-scale events.

SMART HEALTH CARD VAX VERIFICATION

Users can download a QR code to confirm their COVID-19 vaccination status at businesses, events, and other locations.

CONVENIENCE/TIMELY

Vaccine records can be obtained instantly compared to waiting for mailed immunization records from your primary care provider.
