Illinois Medical Cannabis Patient Program
Application for Qualifying Patient Registry Identification Card

Instructions

Applicants should discuss the use of medical cannabis with their health care professional prior to beginning an application. All applicants, except for Veterans receiving care at a VA facility, must have their health care professional complete a written certification for the use of medical cannabis.

To qualify for a patient registry identification card, a qualifying patient must:

- Be a resident of the State of Illinois at the time of application and remain a resident during participation in the program;
- Have a qualifying debilitating medical condition;
- Have a signed health care professional certification;
- Be at least 18 years of age;
- Not hold a school bus permit or Commercial Driver’s License (YOUR APPLICATION WILL BE DENIED IF NOT REMOVED PRIOR TO SUBMISSION); and
- Not be an active duty law enforcement officer, correctional officer, correctional probation officer, or firefighter. If you check "yes" your application will be denied.

Health Care Professional Written Certification
Ask your health care professional to complete the Health Care Professional Written Certification Form and return it to you to include it with your application. You must see your health care professional no more than 90 days before you submit your application.

Health Care Professional Written Certification for Veterans receiving care at a U.S. Department of Veterans Affairs (VA) Facility
Veterans receiving health care at a VA facility do not need to provide a health care professional written certification, but must instead provide medical records from the VA facility for the last 12 months.

- Log into My HealtheVet and request a premium account so you can view information required. Please submit VA appointments, VA Medication History, VA Admissions and Discharges, Progress Notes, and Consult Notes for the past 12 months.
- To obtain VA medical records electronically, go online to https://www.myhealth.va.gov/index.html
- Once you receive your official medical records, you must submit the medical records with your application.
