

SPECIAL FLOOD HAZARD AREA LOCATION REQUEST FORM

In accordance with Executive Order V(2006), the Illinois Department of Public Health is required to ensure that construction projects located in Special Flood Hazard Areas meet the requirements of the State Flood Plain Regulations and the National Flood Insurance Program (NFIP) before a permit is issued. In order to determine if the proposed project is within a Special Flood Hazard Area, the information requested on this form must be completed. This form does not need to be completed if the construction project only involves such items as water wells, septic tanks, underground utilities, light poles, pavilions, playground equipment, and sidewalks or driveways built at grade as specified in Statewide Permit Number 6 (dated September 15, 1993 revised September 25, 2002) or Regional Permit Number 3 (dated July 25, 1990 revised May 15, 2003) whichever is applicable, issued by the Illinois Department of Natural Resources, Offices of Water Resources. However, the applicant may still need to meet NFIP or local flood plain regulations concerning these projects.
