

# Healthy ILLINOIS 2021

---

Your feedback is needed on  
health improvement efforts underway in Illinois.

---

The Illinois Department of Public Health is holding public hearings on the State Health Assessment and State Health Improvement Plan, which are two components of the Healthy Illinois 2021 initiative.

These documents help us understand the current health needs in Illinois and map out strategies for the public health system to address these needs. Participants in public hearings will have the opportunity to provide feedback on the current state of health in Illinois, and health improvement activities related to behavioral health, chronic disease, and maternal and child health.

Participate in a hearing:
