Reported Alcohol Consumption in theThree Months Before Pregnancy by Maternal Characteristics¹ Among Women Who Reported Alcohol Consumption in the Last 2 Years

Illinois PRAMS 2012

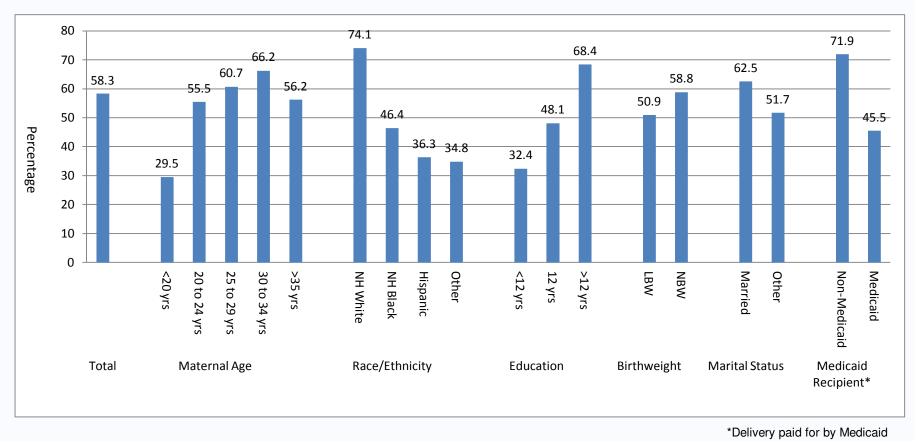

¹Survey Question 41: During the 3 months before you got pregnant, how many alcoholic drinks did you have in an average week?

²**Percentage** = Weighted percentage of Illinois mothers giving birth in 2012 with the specified indicator for each characteristic.

³**Respondents (N)** = Total number of mothers who responded to this question with Yes; total N = 1075 (Yes or No); Total N value for each characteristic varies due to unanswered questions, survey skip patterns, and invalid responses.

⁴Estimated population affected = Estimated number of Illinois mothers giving birth in 2012 with the specified indicator for each characteristic

*Delivery paid for by Medicaid

Reported Alcohol Consumption Three Months Before Pregnancy by Maternal Characteristics* Among Women Who Reported Alcohol Consumption in the Last 2 Years Illinois PRAMS 2012
