

Appendix Sample Report

Illinois Department of Public Health
Adverse Pregnancy Outcomes Reporting System

Timeliness Study for Cases Submitted in 2021
Hospital Compliance Report

January 2022

Timeliness Standard for Reporting APORS Cases:

Cases must be reported within seven days of the infant's discharge or death.

**Hospital Name
Facility ID Number**

Cases Reported	Average Time (Days)	Percent of Cases Reported within 7 Days	Compliance Rating
29	3.2	89.5	Compliant

Compliant means that 80 to 100 percent of the cases were reported within seven days.

Not Compliant means fewer than 80 percent of the cases were reported within seven days.

Not rated means the hospital reported fewer than five cases or it was an out-of-state hospital and not subject to APORS regulations.

The following information does not have a bearing on compliance or non-compliance with the timeliness standard for reporting APORS cases, but delays in reporting may impact the care a child receives after discharge from hospital.

Average Time in Transit (Days)	Percent of Cases Received within 7 Days of Being Reported
2.8	95%
